Dear Ms. Kinard,

As per our phone conversation earlier today, I am faxing you a copy of the Completion of Filing Requirements for the above-referenced non-provisional patent application.

As I stated to you, the original was sent Certified Mail to the USPTO on 15 OCT 2001. Because (1) the return-receipt post-card has not yet been received by me, (2) the status check by a PTO Customer Service Representative earlier today showed no receipt of my 15 OCT mailing of missing parts and, (3) because the USPTO notice *Mitigation of Delays in Mail Deliveries to the USPTO* dated 08 NOV 2001 recommends that alternative delivery options be considered for time sensitive correspondence (see quote below), I am faxing you a copy of the originally mailed documents.

"... For time sensitive correspondence (e.g., after final amendments) that were mailed during the last few weeks, it may be desirable to contact the examiner or TC Customer Service Center to determine whether the paper has been received and whether alternative delivery options (e.g., facsimile) should be considered. Under such circumstances, the normal guidance against duplicate papers is not applicable. ..." - USPTO Notice of 08 NOV 2001.

The deadline for filing the Missing Parts is 01 DEC 2001, and by my original mailing on 15 OCT and by this duplicate sent by facsimile today, I believe we are properly meeting that deadline. Though a check in the amount of \$65 was sent in the original mailing, I have amended the payment method to allow deduction of that amount from my Deposit Account. Thank you for your help in this matter.

Sincerely,

Patricia Smith King
